Why More Businesses Are
Choosing Office 365**

Microsoft Office 365 - a cloud-based office productivity suite - is one product being leveraged by SMBs today to reduce costs, streamline operations, and bolster collaborative efforts among employees.

Here are 8 simple reasons to choose Office 365:

ENSURED PRIVACY AND BETTER SECURITY

- Data resides in well-secured state-of-the-art datacenter; data encryption and frequently updated antivirus and spam protection
- Data WILL NOT be scanned & sold to third parties
- Detailed documentation
- Cooperative cloudservice providers sign liability agreement committing to HIPAA compliance

WORK FROM ANYWHERE AT ANYTIME

- Allows users to access documents, spreadsheets, etc. from virtually any device
- Most plans include desktop installations of software - review and edit offline

EMPLOYEE SPOTLIGHT

MICAH FEREBEE - HELPDESK MANAGER

Year Started at SNS:
Welcomed to the SNS Family this month after over 3 years at Five Iron!

Where is your favorite place to shop?
Buckle & Hide, they are so good with their relationship to the customer

What are five words (or less) of advice for others in your profession?

One Mouth, Two Ears

If you could have one superpower, what would it be and why?

Reading minds - it gives me a better understanding of what people are really saying and thinking!

Favorite part about RWK?

Being new to the SNS group, what I am seeing is how well all team members work together.

A NEW PARTNERSHIP

As of 9/1 we welcome the Five Iron team to the SNS family and look forward to them meeting everyone, so expect to see some new names and faces!

**We work to provide clients with the right tools and people to support their Technology.
From a growing business to a multi-site enterprise,

EASE OF USE BOTH ONLINE AND OFFLINE

- Same tailored experience is applied across all platforms – mobile, online and desktop applications.
- Minimal learning curve & instant familiarity

EFFECTIVE INTEGRATED SOLUTIONS

- Office 365 allows SMBs to see real-time presence and calendar availability
- Initiate a web conference within Office applications or Outlook, Sharepoint or Lync

A UNIFORM LOOK REGARDLESS OF DEVICE

- Preserves formatting whether edited using a desktop or mobile device in the cloud.
- Confidence of knowing the documents you're sending to customers, clients, or prospects look just the way you intended.

FLEXIBLE SOLUTION

- Hybrid environment allowing you to easily do business both in and outside of the cloud
- Know exactly who has access to your data and control their conditions and privileges

FINANCIALLY BACKED SERVICE-LEVEL AGREEMENT

- Service Health Dashboard lets you see current status of their online service
- Offer a financially backed service level agreement (SLA) any time their service availability drops below 99.9 percent.

NO SURPRISES

- Ready-to-go features fully supported with predictable pricing and no hidden fees
- Allows SMBs to change or remove services based on their needs.
